

Getting started

Step 2. Run Relume Figma Plugin

To use the Relume Figma Kit effectively, you'll need to run the Relume Figma Plugin.

Instructions

- 1. After running the plugin, **log in to Relume**.
- 2. A confirmation tab will open; once linked, **close the tab** and return to Figma.
- 3. Navigate within the plugin to the project you are working on.
